

Over the course of the next year Christ Church Midrand plans to establish a Music Trust. The purpose of the Trust is to use music to glorify God in worship and to provide a bridge to introduce the reality of the Gospel to the wider world. At Christ Church Midrand we love music and song and would like to offer more people the opportunity to make music and so honour God. The Trust will have two main strands:

### The MUSIC Factory

The Music Factory is aimed at practical and theoretical music instruction for people of all ages in a wide variety of instruments. In addition to individual tuition, there will also be group classes, an orchestra, a wind/ jazz band and a praise and worship band for beginner instrumentalists. An important component of the Music Factory will be music lessons for children from Tembisa.

### The WORSHIP Academy

The Worship Academy is aimed at running workshops, worship conventions and music concerts with guest conductors and performers such as Noel Tredinnick. The Worship Academy will use and incorporate musicians trained by The Music Factory and also regularly record CD's.
